TESTIMONIALS

What our clients say!

"Ally's coaching allowed me to enhance my influence as a leader not only in my professional life but also in my personal life. Coaching has helped me to master my communication style and uncover blocks to my personal success. If you are willing to look deeply and honestly within yourself so that you can reach your highest potential then Ally is the perfect guide."

Gayle Kothari - Senior Leader RSPCA SA

"It has all been extremely valuable! It has reignited my leadership energy which has been a lesser priority in recent times due to my dual role."

Fiona Turner Chief Admin Officer WCH

"Ally took us on such a great personal and professional journey. I am beginning a new career and Ally gave me the tools to feel confident and assertive. We learnt a lot about our individual personalities and how this can help us be productive and successful in the workplace. Ally was engaging and took the time to get to know us before the course which made it feel really personal. I walked out of the classroom each day with my head held high and my confidence boosted. A big thank you. I am no longer afraid to have courageous conversations!"

Lucy Feltus - Manager RSPCA SA

"Ally is an authentic and engaging leadership coach with so much passion for what she does. Having heard her speak previously at a SheCreates event, we engaged Ally on behalf of Spence Club Inc to speak to our members about the Love Languages of Leadership.

Hosted on the last day of a state-wide lockdown, the event was such a success, with members still referring to the learnings of the session and sharing what they learned with others. Ally brings so much enthusiasm to any workshop she delivers, and has no problem in keeping her audience captivated throughout. We were thrilled to be joined by her and look forward to hearing her speak at future events, each which offer bite-sized pieces of take-away information that's easy to remember and implement in our day-to-day lives. Thank you, Ally, from all of us at Spence Club!"

Alexandra Paxinos Spence Club

Ally is a legend. I have engaged Ally several times to work with staff to improve their communication and leadership. We invited her to run a session at our planning day on courageous conversations. She had the whole group engaged throughout the session and they haven't stopped taking about it since. It is also great to see the team put into practice what they have learnt each day. Highly recommend her for any business that wants to stay ahead of the game.

Daniel Crago - General Manager

"Wish I'd had this decades ago. Tools to empower me as a leader, make better decisions."

TESTIMONIALS

What our clients say!

"Thank you Ally for the 5 full days of Courageous Leaders, I have taken many leadership and training programs though the years and none have made me come away feeling more empowered than this one. Ally has a unique way of getting you to engage in the conversation throughout the course and getting you to really see the areas you need to concentrate on. Ally is extremely talented with her training style keeps you challenging you thoughts and actions while coming to solutions to react and think differently going forward. I felt Ally to be very genuine in her delivery and full of life , she is the kind of person you want to be around. I encourage anyone to take Ally's training, it is one big step forward. I thank you for opening my eyes up again."

Jo-Ann Milligan - Manager

"As I reflect on the past year I wanted to thank you for the impact you had on my leadership journey in 2021. Joining the CEO Advisory Boardroom allowed me to confidentially bounce ideas of an independent leadership coach in a fun and engaging way. I always looked forward to our sessions as it was a time to step back and think about high level leadership and I always came away from the sessions either confirming my approach, getting fresh ideas, looking at things differently, gaining a greater understanding of the situation but generally together we achieved all of the above mixed in together. The CEO Advisory Boardroom enhanced my leadership that my whole organisation benefited from. If anyone is sitting on the fence working with you, send them my way.

Nigel Morris CEO

Jason and I were uncertain about how our team would engage in our first team goal-setting and planning session. Some of our team had never been through a formal process so we were unsure on the level of engagement we could get through the process.

We were thrilled to see each of them engage and feel comfortable enough to provide thought provoking responses. The feedback at the end was faultless and it was an incredibly worthwhile process for not just us as individuals, but for the team. Thank you Ally

Kerryn Page - CEO Quisk

From the moment she started speaking, Ally had the audience captivated with her stories, humour and content. She was so well-spoken and professional and I received so much value from her message around how to improve my leadership skills of not only my business but my life. She also somehow managed to get me back a few hours of "me-time" every day which I am now thoroughly enjoying! Thank you Ally!!

Kate Burr - Business Owner

Ally is a great coach and I feel lucky to have worked with her. She has managed to empower me to go from confused to clear on where I want to head. She provides lots of great resources, encouragement, and is realistic but also knows when to give me the push to go for what I am made for!!
